

Call for Nomination for the Kanomax Award

The Kanomax Award will be presented the year the AAC is held by the Asian Aerosol Research Assembly (AARA) to recognize a researcher/engineer residing in Asia who has made outstanding contributions to aerosol instrumentation and experimental techniques, including aerosol sampling and measurement that has significantly advanced aerosol science and technology development.

Award Rules

Selection Process

The Kanomax Award committee recommends a candidate for this award to the Board of Directors of the Asian Aerosol Research Assembly to grant the award.

✧ **Nominee**

All AARA members are encouraged to submit nominations for this prestigious award.

✧ Nominees are not required to be members of the AARA.

✧ Re-nomination from a prior year is allowable if the candidate is still eligible and nomination materials are updated.

Nominator

A person familiar with the nominee's scientific /technical contributions can nominate.

Nomination Dossier

The documents described below should be submitted as a single PDF in the following order:

- ✧ A Letter of Nomination by the nominee.
- ✧ Three Letters of Recommendation.
- ✧ Nominee's curriculum vitae.

Letter from Nominator: Should focus on personal knowledge and provide evidence of the nominee's outstanding scientific and/or engineering contribution in aerosol instrumentation and experimental techniques.

Supporting Letters: Three supporting letters from persons (the nominee's supervisor and peers are acceptable) who have personal knowledge of the nominee's work and provide evidence of the nominee's outstanding scientific and/or engineering contribution to aerosol instrumentation and experimental techniques.

Vitae and/or Job Description and publications: Appropriate for the position, and a list of the nominee's significant publications.

Nomination Submission and date

Submit nominations to Professor Puji Lestari, the chairperson of the Kanomax Award Committee at puji_L@itb.ac.id by **15th September 2024**.

Please contact puji_L@itb.ac.id for further questions.

Chih-Chieh Chen, Ph.D.

President of Asian Aerosol Research Assembly (AARA)

Professor, Institute of Environmental and Occupational Health Science

National Taiwan University
